

Health and safety procedures

Short trips, outings and excursions

Children benefit from being taken outside of the premises on visits or trips to local parks, or other suitable venues, for activities which enhance their learning experiences. We ensure that there are procedures to keep children safe on outings; all staff and volunteers are aware of and follow the procedures as laid out below.

Procedures

- There is a designated lead for each excursion who is clear about their responsibility as designated lead.
- We ask parents to sign a general consent on registration for their children to be taken out on local short outings as a part of the daily activities of the setting.
- We assess the risks for each local outing.
- We always ask parents to sign specific consent forms before major outings; and the risks are assessed before the outing takes place.
- Any written outing risk assessments are made available for parents to see.
- Our adult to child ratio is high, a minimum of one adult to three children.
- A minimum of two staff accompany children on outings. Unless the whole setting is on an outing, a minimum of two staff also remain behind with the rest of the children.
- Children are assigned to individual staff members to ensure that each child is supervised, that no child goes astray and that there is no unauthorised access to children.
- Staff frequently count their designated children and ensure hands are held when on the street and crossing the road.
- Parents who accompany us on outings are responsible for their own child only. Where parents have undergone vetting with us as volunteers, they may be included in the adults to child ratio and have children allocated to them.
- We take a mobile phone on outings, as well as supplies of tissues, wipes, spare clothing and nappies, medicines required for individual children, a mini first aid kit, snacks and water. The amount of equipment will vary and be consistent with the venue and the number of children, as well as how long they will be out for. We apply sun cream to children as needed and ensure they are dressed appropriately for the type of outing and weather conditions.
- We take a list of children with us with contact numbers of parents/carers.
- When informal visits such as theatre or summer outings are co-ordinated by the preschool, we may put those needing lifts in contact with those offering lifts. The preschool takes no responsibility for the safety and efficiency of these lifts made by private agreement.
- Sun cream is applied as needed and children are clothed appropriately
- Children wear badges or 'high viz' vests.

Risk assessment

- Risk assessment is completed prior to the outing and signed off by the setting manager and all staff taking part. Existing risk assessments are reviewed/amended as required.
- Children with specific needs have a separate risk assessment if necessary.

Outing venue (larger outings)

- Venues used regularly are 'risk assessed' and an initial pre-visit is made to look at the health and safety aspects. If pre-visits cannot be made, risk assessment is achieved by calling the venue and asking for their risk assessment.
